Dear Mr. Casey:

In May 1982, AFCEA will publish its 36th Annual Convention Report issue of SIGNAL Magazine. Our Convention issue is always one of our most widely read and we plan to highlight the issue by publishing short statements from top military and government leaders.

Since we believe our readers would benefit from sharing your thoughts, we invite you to submit a short statement on the emergence of command, control, communications and intelligence (C3I) as essential to our nation's security and preparedness. You may also find it appropriate to comment on how C3I relates to your agency's/command's policies and objectives.

A statement of 300 words or less accompanied by your photograph would be a valued addition to this issue. Our deadline for receiving the statement and your photograph is March 8, 1982.

On behalf of the Association, we at National Headquarters solicit your participation in submitting a statement for this special issue and we look forward to hearing from you shortly with a favorable response to our invitation.

Sincerely,
